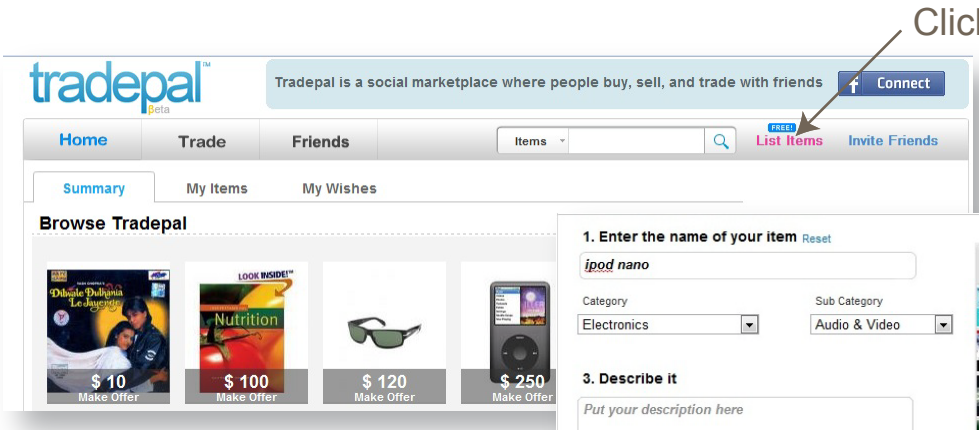
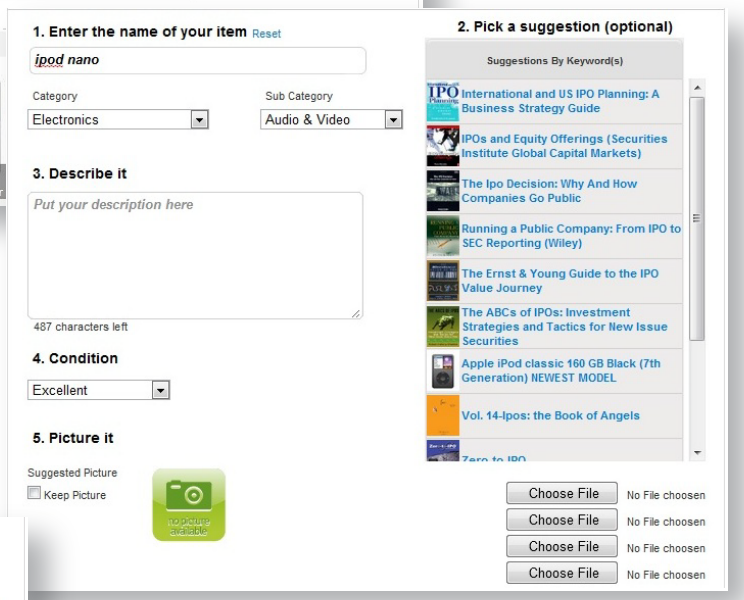
Listing Items

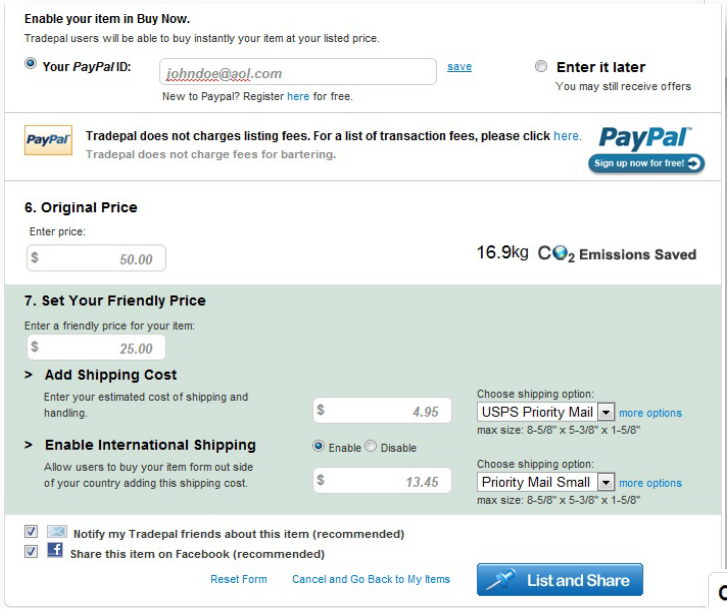
1. List



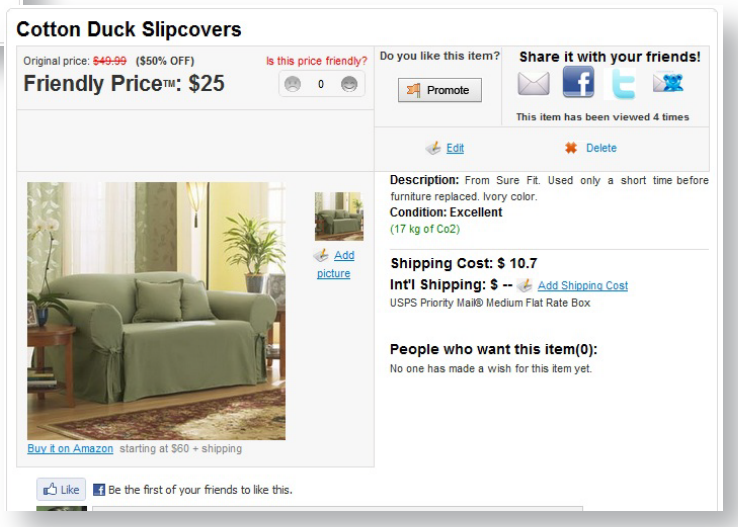
...then describe your item including detailed categories, a full text description, condition and images.



2. Price



As you set your price, you can set a Friendly Price™, which lets buyers purchase your item without negotiation. Easy shipment options can selected with a click.

3. Share & Promote


As the item is listed, you can promote it to your Facebook friends using a wall posting or individual messages. You also can share your listing using Twitter, email, or your Tradepal™ friends.
